KUDZANAI CHAKAVARIKA T *(Portfolio website: https://portfolio.spatialforce.co.zw)*

17 Longhurst, Northlynne, Bulawayo, Zimbabwe | +263779135076 | kudzanaichakavarika67@gmail.com

Profile

A GIS and Remote Sensing graduate with First Class Honours from the National University of Science and Technology (NUST), equipped with a wide range of technical and analytical skills. Has knowledge of applying GIS, remote sensing, spatial analysis and technology development to solve real-world problems. Capable of undertaking technical GIS operations, developing geospatial applications and building digital solutions. Also skilled in water resource assessment, environmental monitoring, natural resource management and innovative technology, combining analytical and development skills to deliver practical solutions.

Experience

GIS SHORT COURSE TUTOR | NUST | Sept -2026|

1. Prepared GIS and Remote Sensing materials for Zim-ACE III water project course
2. Taught fundamental GIS and spatial data concepts to learners
3. Guided students in Web GIS and custom application development
4. Helped learners apply geospatial tools to real-world water workflows

DATA COLLECTOR | UMZINGWANE RURAL DISTRICT COUNCIL | June 2026 – Sept 2026|

1) Collected field data using standardized survey tools while ensuring accuracy, completeness, and consistency.
2) Conducted GPS data collection and location verification to support spatial data analysis and planning.
3) Engaged with community members and stakeholders to gather reliable socioeconomic and environmental information.
4) Performed data validation, quality checks and timely submission of collected data in accordance with project guidelines.

GIS ATTACHEE | FORESTRY COMMISSION OF ZIMBABWE | 2024 – MAY 2025 |

1) Collected, processed and managed spatial and field data using GPS devices.
2) Conducted boundary verification, forest resource mapping and spatial database updates using QGIS and GPS tools.
3) Assisted with forest resource mapping, boundary verification, and spatial analysis to support environmental monitoring and planning.
4) Participated in field surveys, data validation and environmental assessments while ensuring the accuracy and quality of geospatial information.

Youth Climate Action Fund (YCAF) project leader| Nov-2024 |

1. Spearheaded the successful implementation of the 2024 YCAF-funded climate initiative.
2. Led all field surveys and environmental data collection processes
3. Produced critical baseline data to drive local climate change adaptation strategies
4. Coordinated youth-led project workflows, timelines, and reporting requirements

EDUCATION

1. **BACHELOR OF SCIENCE HONOURS DEGREE IN GEOGRAPHIC INFORMATION SYSTEMS AND REMOTE SENSING | 2022 – 2026 | NUST|**
2. **CETERFICATE OF COMPETENCY: APPLICATION OF GIS AND REMOTE SENSING & MODFLOW IN WATER RESOURCE MANAGEMENT | NUST & ACE WATER ZIMBABWE|**

TECHNICAL SKILLS

- ✓ ArcGIS Pro
- ✓ QGIS
- ✓ Remote Sensing
- ✓ Google Earth Engine (GEE)
- ✓ Web GIS (Leaflet, GeoNode, 3D.js, ArcGIS Online, Mapbox)
- ✓ MODFLOW
- ✓ PostgreSQL/PostGIS
- ✓ SEPAL
- ✓ Data Analysis (Google Colab, Matplotlib, GeoPandas)
- ✓ Mobile data collection (Q-field)

Other Skills

- ❖ Clean class 4 driver's License
- ❖ Innovation & Technology Development
- ❖ Project Coordination
- ❖ Research & Technical Reporting
- ❖ Problem Solving & Critical Thinking
- ❖ Team Collaboration
